TO THE PUBLIC.

The Proprietors of The News and HERALD regret to announce an unavoid ble delay in the publication of that paper. This delay is in consequence of the negligence of parties in Richmond and New York, from whom were ordered, more than two weeks ago articles indispensable for the new paper. In consequence of this provoking delay, the Publishers are forced to omit this week a full account they had prepared of the recent Fox Hunt, and an accurate report of Judge Mackey's speech at Winnsboro. This interruption is a source of both regret and mortification to them, but it is the result of circumstances which they could neither control nor anticipate. This shall not happen again.
